Like a ship without a rudder is a man or a woman without health and the necessary strength to perform the ordinary duties of life. When the appetite fails, when debility, and a disordered condition of stomach, liver, kidney, and glands assail you, take Ayer's Sarsaparilla.

The value of the amount of silver in a dollar is now quoted at 32 cents. Until we give you notice to the contrary, however, the Big Sandy News will receive them at face value on new subscriptions, and in payment of arrears. It would be well to take advantage of this liberal offer at once, as it may not hold good very long. We will agree to not receive it before Sept. 1st, however.

Rev. L. H. Seddith, of Hinton, W. Va., is here for a short visit with his family and relatives.

Mrs. E. J. Prichard and daughter Miss Lucy have returned from a visit to Cynthiana and Central City.

Premature baldness may be prevented and the hair made to grow on heads already bald, by the use of Hall's Vegetable Sicilian Hair Remover.

We are not merely making a statement when we say the News office will save you money on Job printing. We are giving you facts. Come and see.

Jim Hughes of Central City, W. Va., is receiving the congratulations of his many friends upon the birth of a daughter to his wife last Monday. It is their first.

At the examination of applicants held last Friday ten persons were examined and all obtained certificates. Two received first class certificates, five second class and three third class.

As a hair dressing and for the prevention of baldness, Ayer's Hair Vigor has no equal in merit and efficiency. It eradicates dandruff, keeps the scalp moist, clean and healthy, and gives vitality and tone to weak, faded, and gray hair. The most popular of toilet articles.

Use services in the interest of competency, or rather, against licensing saloons in Louisa, were held at the South Methodist Church in the forenoon and at the M. E. Church in the evening. The ministers presented very forcible arguments.

Work on the public road between Louisa and Blaine began last Monday and is being pushed as rapidly as possible. The work already done is highly satisfactory. The force is large as we can be used with the present supply of tools and the fund will not justify a more extensive outlay for tools.

The men are hired entirely from the country—the applicants from town being refused work. This fact will no doubt be gratifying to the few country people who very erroneously suppose the town people are short of labor in all such instances.

LOUISA-SCHOOL.

K. O. E.

Principal and Teachers Employed.

The Board of Education met last Monday evening and selected Mr. U. G. Anderson for principal of the Louisi Graded School for the coming term. Miss Eliza McHenry was elected first assistant; Miss Maggie Hatcher was chosen for the intermediate department, and Miss Ida Billups for the primary grade. School will probably open on the 15th of September.

The principal is from Catlettsburg and has recently been in charge of a school at Martinsburg.

TO Sunday Schools.

To all the Sunday School Superintendents in Lawrence county I would say that each of your schools is entitled to one representative for every fifty scholars and one additional for a fraction over fifty, in the State Convention to be held in Ashland, Aug. 22-24.

This I think will give every school at least two delegates, perhaps a few more.

It is greatly desired that every school shall be represented in the convention. I trust every school will send out delegates. You ought to do so. I will furnish to any delegate, upon application of Superintendent, a certificate that entitles the holder to free entertainment in Ashland.

At Princeton Convention last year, I pledged this county for \$25. This has to be paid. Any school or person desiring to aid me in the payment of this fund will please send or hand the same to me by Aug. 20. Every dollar of it will be faithfully expended in the Sunday School work in our State.

The clearance sale at Borders & Stewarts is making havoc of prices. Special attention is paid to the shoe trade by Borders & Stewarts.

The Misses Timley, of Virginia, are guests of Miss Emma Burchett.

The price of meat has been cut to 60 cents per bushel by the Louisville Milling Company.

Bring your cash to Spencer, price his groceries and you will pay before leaving his store.

Mrs. George Breeder left Saturday for the home of her parents in Ohio, where she will visit awhile.

Synopsis of City Council Proceedings.

The Board met in regular session last Tuesday night, with the following members present: Chairmen: Snyder, G. W. Gunnell, L. M. Atkins, D. C. Spangler, Jas. H. O'Brien and Jas. J. L. Lusk.

After reading the minutes a communication from Judge Stewart was read and laid on the table.

A. J. Garret presented the bill of the assistant Secretary of State for \$12 for a type-written copy of the new charter of the town. In view of the fact that the printed copies of the charter arrived the day after the typewriter copy came, and that the assistant secretary had represented that it would be weeks before they would be in, the board adopted a resolution that it was the sense of the trustees that the secretary make no charge for said copy.

The marshal's account for fees from Jan. 1st to May 1st, and the clerk's bill for one quarter's salary were allowed.

The claims of sundry parties for work on grade and use of pushcart were referred to finance committee.

Marshal's account for fees during May, June and July, amounting to \$10, was referred.

Mrs. George Clancy, who holds several town bonds, filed a claim of \$60 for interest on same, which was referred.

A committee consisting of Alexander Luckey, A. J. Garret, John Ratcliffe and G. W. Wren was appointed to ascertain the amount by and to the town, procure and open the proper set of books, and to select and buy a seal for said town, and report at the next regular meeting of the board.

Sundry citizens having failed in

pace as required the superintendents of streets was ordered to let said paving to the lowest bidder.

Tom Pigg having been erroneous

assessed with one dog in 1892

was exonerated from paying tax on same.

At this request R. T. Burns was

allowed until Nov. 1st 1893 to pay

by the side of his lot at Jefferson and Madison.

And then the board adjourned until Friday, Aug. 11th.

Youthful Depravity.

Charles Justice, Charles Waldeck and Lee Martin, three boys about twelve to fifteen years old, were arrested a few days ago for stealing \$100 in money from Dr. M. Ward. They had been examining trial before Judge Rice. Martin was released and the other two boys confessed and were held in answer at Circuit Court in the sum of \$50 each.

Failing to give bond they were

remanded to jail.

This is not the first time these

boys have been in this kind of

trouble and they will probably have

to suffer severely. The Martin

boy is said by the other two to be

as guilty as they, but their evi-

dence could not be used.

Just a Word, Please.

Our first issue in September will

mark the beginning of the ninth

year of the News' existence. Before that time we want every sub-

scription account settled. This

issue is given in plenty of time

and we respectfully ask that it be

read.

Notice the advertisement of

Messrs. L. S. Johnson and O. N.

Horton, which appears in this issue.

They propose to do anything from

building surveying to any kind of engi-

neering. We take genuine pleasure

in recommending them. Mr. Johnson

has just severed himself from a long

engagement as a mining engineer and
